

Please select your top three booth choices from the festival diagram link. Although every effort will be made to honor location preferences, Capital Pride reserves the right to relocate any booth, without prior notice, at any time and for any purpose including, but not limited to, handicap accessibility, utility access, city permit limitations, and other logistical necessities. In the event that relocation is necessary, Capital Pride will attempt to find a location as close to the organization's preference as possible but cannot and will not be held liable for final placement.
